All in New Zealand Dollars All includes G.S.T. This valuation is carried out to the best of our abilities using Gemmological instruments available to us, and is our opinion of a current normal retail price for a new item of this quality. It is based on current wholesale prices plus the normal retail markup for items of this nature. Actual retail prices may vary from this value. Indemnity value reflects the replacement value less any wear and tear that has occurred. This appraisal should not be used in any advertising as this may contravene the Fair Trading Act. Weight of stones is an estimate only unless they have been removed from the settings and specifically weighed. Diamonds have been tested by microscopic examination and diamond probe, and graded in their settings unless otherwise specified. Actual grades and sizes may vary slightly due to the settings and are estimated to the best of our ability.
