PLATINUM EMERALD AND DIAMOND RING

Ring Size:
M.

Gross Weight:
6.50 grams.

Condition:
Presented in good condition.

Stamps & Material:
Stamped “Jmac, Pt1000, E134, D030”. Platinum, 1000 fineness (Pt1000).

Design:
A Pt1000 platinum emerald and diamond ring featuring a polished finish, tapered flat shank measuring approximately 6.03 mm at its widest point and tapering to 3.44 mm, and a raised, multi-level gallery with an open-backed setting. The principal setting comprises five emerald-cut emeralds arranged linearly across the ring and individually secured by four claws. The emeralds are bordered above and below by scalloped gallery sections set with round brilliant-cut diamonds.
